

Quick Overview of Preferred Waste Hauler

1. American Waste provided the best cost scenario for LLPA, as reviewed by the LLPA Board of Trustees. This will translate to a cost savings for you.
2. A single waste hauler for LLPA would reduce heavy truck traffic on LLPA roads by 66%
3. American Waste is currently building a “MRF” (material recovery facility) in G.T County that will facilitate the recycling effort and further reduce heavy truck traffic (eliminate the need for a separate recycling truck).
4. American Waste has been awarded the exclusive waste hauling contracts for the City of Traverse City and Peninsula Township.
5. American Waste will offer same rate to seasonal residents, with no start up or cancellation fees.
6. American Waste offers a “Budget Bag Program” for \$2.50 per bag with convenient locations for purchase: **Ace Hardware, Long Lake Grocery and Lake Ann Grocery.**
7. If you currently do not utilize a commercial waste hauler, (haul your own) you do not have to start.
8. The LLPA Board of Trustees strongly urge all LLPA members to switch to the preferred hauler.
9. To get started simply contact **Pat** at American Waste at **231-624-1550** (cell phone) and he will handle all the necessary contacts to switch over your account after your current obligation ends with your current provider.
