

# August 2015 Update from the LLPA President

## Reminder

- The LLPA Annual Meeting was held August 22, 2015 at 9 a.m. at the park.  
[Agenda](#)
- If you are walking on LLPA roads always walk facing traffic. That makes it safer for you and the cars.

## Thank you

- to the Roads committee and members for helping us all safely weather the storm!
- for your continued can/bottle donations for the playground and disc golf.
- for obeying the speed limit and watching for pedestrians and bikers - summer is still here and there are many walkers/bikers. Drive gently and share the road.

## Requests

- Please return LLPA discs to the park so ALL may enjoy!
- Please sweep or blow storm debris off the roads by your property to save our pavement.
- Do not move surveyor stakes.
- Please do not ignore No Trespassing signs particularly posted on construction sites. Construction sites can be dangerous. Please remind your children this is Not OK.

## Missing

- **If anyone sees 2 four foot ladders with "LTD" in blue paint on them, please contact a board member. They were stolen from a construction site on Sunset.**

**Enjoy these precious summer days!**
